DIARY NOTES

DD/S W

23 July 1962

1. Paul Borel telephoned to request our list of officers authorized to conduct liaison with the Department of Agriculture. This was furnished today.

2. I talked to Jim Garrison about the rumor given me by Otto Guthe that the Washington Auditorium would be demolished shortly after 1 November 1962. Jim assured me that this demolition is not a part of the contract for the Civil Service Commission Building. He also said that we have been assured by Public Buildings Service that they will find us some other place for the Map Library prior to demolishing the Auditorium. I asked him to keep pressure on PBS with regard to this matter.

3. Larry Houston telephoned to say that he had received a call from Alan Boyd of the Civil Aeronautics Board requesting that we brief the CAB on CAT this Thursday, 26 July. Inasmuch as Larry will be away, I asked him to try to postpone it for a week or so. (I assume that he was successful.)

25X1A9a 4. I talked to [REDACTED] and advised him that his next assignment would be
25X1A9a Chief of the Personnel Operations Division in the Office of Personnel. He thought
25X1A9a that he would be able to turn over his job in EE Division to [REDACTED] take
a couple of weeks leave, and be on the job about the end of August.

25X1A9a 5. I saw [REDACTED] at lunch, and he expressed his appreciation for the
25X1A6d Staff D facility which we built at [REDACTED] and invited me to visit it. (I will plan
to do this when I go out to [REDACTED] some time before too long.) 25X1A6d

6. I asked Emmett Echols to consider whether the Deputy Director (Support) should nominate a member for the Retirement Board and whether we should raise the question of the Chairmanship. It was Emmett's feeling that DD/S should certainly provide a member. He wanted to think over the question as to whether we should also provide the Chairman.
